

INVITATION

FOCUS FORUM 2017

CRITICAL INFRASTRUCTURE PROTECTION

— 360° —

Dear Sir and Madam,

You are warmly welcome to Abloy's International **Focus Forum 2017**. As one of the leading developers of electromechanical locking technology and manufacturers of locking systems, Abloy wants to facilitate the discussion of the **Critical Infrastructure Protection**. We want to aggregate experts in the field and enhance the dialogue between different interest groups such as professional end users, decision makers, legislators, authorities and security consultants.

Date: May 10th, 2017

Participants account for their own accommodation and travel costs.

Critical Infrastructure provides the essential services that underpin our society and serves as the backbone of our nation's economy, security, and health. We know it as the power we use in our homes, the water we drink, the transportation that moves us, the stores we shop in, and the communication systems we rely on to stay in touch with friends and family.
